

## Curriculum Vitae

# Marco Ruggeri

### PROFESSIONAL EXPERIENCE

#### **Research Assistant Professor of Ophthalmology**

#### **Co-director of the Ophthalmic Biophysics Center for Advanced Imaging Research**

Dr. Marco Ruggeri received his M.S. in Electrical Engineering from the University of Modena and Reggio Emilia and his Ph.D. in Biomedical Engineering from the University of Miami. He had a post-doctoral training and he is currently a research assistant professor of ophthalmology at the Bascom Palmer Eye Institute of the University of Miami Miller School of Medicine. Dr. Ruggeri is co-director of the Ophthalmic Biophysics Center responsible for advanced imaging research. His research includes the development of new instrumentation and quantitative imaging technologies for diagnostic and surgical applications in all fields of ophthalmology including corneal, cataract, glaucoma, pediatric and retinal diseases. Dr. Ruggeri work closely with clinicians to develop imaging technology and applications that can have a direct impact on patient eye care.
