### PROFESSIONAL EXPERIENCE

#### Associate Scientist

department of Neurosurgery/Sylvester Cancer Center

University of Miami

I was born and raised in Como, I graduated from bachelor and master in Biology at the University of Insubria. I was PhD student at the Institute for Oncology Research (IOR) In Bellinzona where I obtained my PhD from the University of Geneva (Switzerland). Since 2011 I have been postdoctoral fellow at the University of Miami in the laboratories of Claes Wahlestedt first and Ramin Shiekhattar later. My research focuses in understanding the role of long noncoding RNAs in the progression of cancer. At the moment I am Associate Scientist in the department of Neurosurgery/Sylvester Cancer Center at the University of Miami where I study the process of invasion of brain cancer cells.
