

Curriculum Vitae

Giulio Palummieri

PROFESSIONAL EXPERIENCE

Research Associate – Bascom Palmer Eye Institute, University of Miami, Miller School of Medicine

Giulio Palummieri is a Research Associate at the Bascom Palmer Eye Institute, University of Miami, working in the Ocular Oncology laboratory under the supervision of Dr. Zelia Correa, MD, PhD. His research focuses on uveal melanoma, integrating molecular and translational approaches to support the translation of laboratory findings into improved diagnostic and therapeutic strategies for this rare ocular malignancy.

Prior to joining Bascom Palmer, he worked at the Diabetes Research Institute (DRI), University of Miami, under the supervision of Dr. Diana Velluto, PhD, where his research focused on nanoparticle-based drug delivery systems and pancreatic islet transplantation for Type 1 Diabetes.

He holds a master's degree in biomedical engineering from the Politecnico di Milano, with a specialization in cells, tissues, and biotechnologies.
